dated 22 April 2013

with respect to the

Base Prospectus
dated 27 June 2012

relating to

Structured Notes
relating to the performance of the OMXS30^{TM*} Index
(ISIN SE0005162625)

Public Offer in the Kingdom of Sweden

In addition to the information relevant to this issue of Notes, these Final Terms repeat some of the information set out in the Base Prospectus dated 27 June 2012 regarding the Notes where the Issuer deems such information necessary in order to satisfy the investor's need for information in relation to this issue of Notes.

RISK FACTORS

The purchase of structured notes (the "**Notes**") is associated with certain risks. The information set forth hereinafter describes the major risks that are associated with an investment in the Notes in the Issuer's opinion. In this regard, however, **the Issuer expressly points out that the description of the risks associated with an investment in the Notes does not purport to be exhaustive.**

In addition, the order in which such risks are presented does not indicate the extent of their potential commercial effects in the event that they are realised, or the likelihood of their realisation. The realisation of one or more of said risks may adversely affect the assets, finances and profits of Commerzbank Aktiengesellschaft or the value of the Notes themselves.

Moreover, additional risks that are not known at the date of the Base Prospectus and these Final Terms or currently believed to be immaterial could likewise have an adverse effect on the value of the Notes.

The occurrence of one or more of the risks disclosed in the Base Prospectus, any supplement and/or these Final Terms or any additional risks may lead to a material and sustained loss and, depending on the structure of the Note, even result in partial loss or even the **total loss** of the investor's capital.

Investors should purchase the Notes only if they are able to bear the risk of losing the capital invested, including any transaction costs incurred.

Potential investors in the Notes must in each case determine the suitability of the relevant investment in light of their own personal and financial situation. In particular, potential investors should in each case:

- have sufficient knowledge and experience to make a meaningful evaluation of the Notes, the merits and risks of investing in the Notes and/or the information contained or incorporated by reference in the Base Prospectus or any applicable supplement and all the information contained in these Final Terms;
- have sufficient financial resources and liquidity to bear all of the risks associated with an investment in the Notes;
- understand thoroughly the Terms and Conditions pertaining to the Notes (the "**Terms and Conditions**") and be familiar with the behaviour of any relevant underlier and the financial markets; and
- be able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect the value of their investment and be able to bear the associated risks.

These risk warnings do not substitute advice by the investor's bank or by the investor's legal, business or tax advisers, which should in any event be obtained by the investor in order to be able to assess the consequences of an investment in the Notes. Investment decisions should not be made solely on the basis of the risk warnings set out in the Base Prospectus, any supplement and/or these Final Terms since such information cannot serve as a substitute for individual advice and information which is tailored to the requirements, objectives, experience, knowledge and circumstances of the investor concerned.

The Notes are subject to - potentially major - price fluctuations and may involve the risk of a **complete or partial loss** of the invested capital (including any costs incurred in connection with the purchase of the Notes). Since, in the case of Notes, interest or the Redemption Amount is linked to an underlier (share, index, metal (i.e. precious and industrial metal), futures contract, bond, currency exchange rate, interest rate, fund or a basket or an index that is composed of any of the aforementioned values, commodities or rates (the "**Underlier**"), or to one or more formulae ("**Structured Notes**")), Notes are investments that might not be suitable for all investors.

The Notes may have complex structures, which the investor might not fully understand. The investor might therefore underestimate the actual risk that is associated with a purchase of the Notes. Therefore, potential investors should study carefully the risks associated with an investment in the Notes (with regard to the Issuer, the type of Notes and/or the Underlier, as applicable), as well as any other information contained in the Base Prospectus, any supplements thereto as well as the relevant Final Terms, and possibly consult their personal (including tax) advisors. Prior to purchasing Notes, potential investors should ensure that they fully understand the mechanics of the relevant Notes and that they are able to assess and bear the risk of a **(total)** loss of their investment. Prospective purchasers of Notes should in each case consider carefully whether the Notes are suitable for them in the light of their individual circumstances and financial position.

It is possible that the performance of the Notes is adversely affected by several risk factors at the same time. The Issuer, however, is unable to make any reliable prediction on such combined effects.

Other general risks associated with the purchase of the Notes (such as factors influencing the price of the Notes at the time of issue and in the secondary market, conflicts of interest, hedging risks, interest rate and inflationary risks, as well as currency risks) are set out in the detailed provisions of the Base Prospectus dated 27 June 2012.

Special risks relating to the Structured Notes

- **General**

Each Note entitles its holder to receive on the Maturity Date the Redemption Amount which will be equal to:

(i) The sum of (i) the Denomination and (ii) the Denomination multiplied by the Participation Factor CALL and the higher of (a) 0 (zero) or (b) the Performance CALL minus 1 (one), all as determined in the Terms and Conditions, if on the Final Averaging Date the Reference Price of the Index is equal to or above 100% of its Initial Price. If the Performance CALL is equal to or below 1 (one), the Redemption Amount per Note will be equal to the Denomination.

or

(ii) The sum of (i) the Denomination and (ii) the Denomination multiplied by (a) the Participation Factor PUT and (b) 1 (one) minus the Performance PUT, all as determined in the Terms and Conditions, if on the Final Averaging Date the Reference Price of the Index is below 100% of its Initial Price but equal to or above 70% of its Initial Price.

or

(iii) The Denomination multiplied by the Performance PUT, in all other cases, all as specified in the Terms and Conditions.

In the latter case, the Redemption Amount will be below the Denomination and, if the Reference Price of the Index closes at zero on the Valuation Date, there will be no Redemption Amount payable at all. **In such case, the investor would lose the total amount of the invested capital (including transaction costs).**

The Performance CALL is calculated by dividing the arithmetic mean of the Reference Prices of the Index with respect to all Averaging Dates by its Initial Price, all as specified in the Terms and Conditions.

However, the Performance PUT is calculated by dividing the Reference Price of the Index with respect to the Final Averaging Date by its Initial Price, all as specified in the Terms and Conditions.

Investors should note that the Participation Factor CALL will be fixed only on the Strike Date by the Issuer in its reasonable discretion (*billiges Ermessen*) (§ 315 German Civil Code (*BGB*)) on the basis of the market conditions prevailing on such date. The indication for the Participation Factor CALL based on the market conditions as of 22 April 2013 is 150% (in any case, it will not be below 120%), all as determined in the Terms and Conditions.

Furthermore, investors should be aware that the Participation Factor PUT will be fixed only on the Strike

Date by the Issuer in its reasonable discretion (*billiges Ermessen*) (§ 315 German Civil Code (*BGB*)) on the basis of the market conditions prevailing on such date. The indication for the Participation Factor PUT based on the market conditions as of 22 April 2013 is 100% (in any case, it will not be below 80%), all as determined in the Terms and Conditions.

Investors should note that the Initial Price of the Index is the Reference Price of the Index with respect to the Strike Date, all as specified in the Terms and Conditions.

- **Loss risks**

A potential profit from an investment in the Notes can only be made in the case that the Redemption Amount is higher than the amount, including any transaction costs, at which the Notes have been purchased.

If the Reference Price of the Index closes at zero (0) on the Valuation Date there will be no Redemption Amount payable at all. **In such case, the investor will lose the total amount of the invested capital (including transaction costs).**

The Notes do not bear any interest and the holders of the Notes are not entitled to receive any dividends or other distributions paid.

In addition, the costs associated with the purchase or sale of the Notes must be taken into account when considering the economic aspects of an investment.

Furthermore, investors bear the risk that the Issuer's financial situation may deteriorate - or that insolvency proceedings might be instituted with regard to its assets - and that the Issuer might therefore default on the payments due under the Notes.

The maximum loss in relation to the Notes consists in a total loss of the invested amount (including transaction costs).

- **No regular income**

The Notes represent neither a claim to interest nor dividend payments and thus do **not** generate any regular income. This means that it may not be possible to compensate for potential losses associated with an investment in the Notes through income generated in connection therewith.

- **Adjustments and termination by the Issuer**

Subject to particular circumstances as described in greater detail in the Terms and Conditions, the Issuer may be entitled to perform certain adjustments. Such adjustments may have an adverse effect on the value of the Notes.

In addition, the Issuer may be entitled to early terminate the Notes in accordance with the Terms and Conditions. In that case, the Notes will expire prematurely. If the Issuer gives notice of termination regarding the Notes, all outstanding Notes shall be redeemed at the Termination Amount which shall be calculated by the Issuer in its reasonable discretion (*billiges Ermessen*) (§ 315 German Civil Code (*BGB*)) by taking into account applicable market conditions and any proceeds realised by the Issuer in connection with any Hedging Transactions. When determining the Termination Amount, the Issuer may take into account expenses for transactions that were required for winding up the Hedging Transactions in the Issuer's reasonable discretion (*billiges Ermessen*) (§ 315 German Civil Code (*BGB*)) as deductible items.

- **Redemption at maturity, sale of the Notes**

Except in the case of the termination of the Notes by the Issuer (§ 7 of the Terms and Conditions), the Terms and Conditions provide for the payment of the Redemption Amount to the Noteholders only on the Maturity Date.

Prior to the Maturity Date, the economic value represented by the Notes may be realised only by way of a sale of the Notes. A sale of the Notes, however, is contingent upon the availability of market participants who are prepared to purchase the Notes at a corresponding price. If no such market participants are

available, it may not be possible to realise the value of the Notes. In particular, investors cannot expect that there will be a liquid market for the Notes under all circumstances and therefore, they also cannot expect that the assets invested in the Notes may be realised at any time by way of a sale of the Notes. For that reason, investors should be prepared to hold the Notes until the Maturity Date.

- **Notes are unsecured obligations (Status)**

The obligations under the Notes constitute direct and unconditional obligations of the Issuer that are not subject to a real charge (*nicht dinglich besichert*) and, unless otherwise provided by applicable law, rank at least *pari passu* with all other unsubordinated obligations of the Issuer that are not subject to a real charge. They are neither secured by the Deposit Protection Fund of the Association of German Banks (*Einlagensicherungsfonds des Bundesverbands deutscher Banken e.V.*) nor by the German Deposit Guarantee and Investor Compensation Act (*Einlagensicherungs- und Anlegerentschädigungsgesetz*).

This means that the investor bears the risk that the Issuer's financial situation may worsen - and that the Issuer may be subjected to a reorganisation proceeding (*Reorganisationverfahren*) or transfer order (*Übertragungsanordnung*) under German bank restructuring law or that insolvency proceedings might be instituted with regard to its assets - and therefore payments due under the Notes can not or only partially be done. **Under these circumstances, a total loss of the investor's capital might be possible.**

The Issuer may enter into hedging transactions in the relevant Underlier but is under no obligation to do so. If hedging transactions are entered into, they shall exclusively be to the benefit of the Issuer, and the investors shall have no entitlement whatsoever to the Underlier or with respect to the hedging transaction. Hedging transactions entered into by the Issuer shall not give rise to any legal relationship between the investors and the party responsible for the Underlier.

- **Risk factors relating to the Underlier**

The value of a Note's underlier depends upon a number of factors that may be interconnected. These may include economic, financial and political events beyond the Issuer's control.

The past performance of an underlier should not be regarded as an indicator of its future performance during the term of the Notes.

Particular risks of Notes with indices as Underlier

Notes that are linked to one or several indices involve, in particular, the following risks:

Dependency on the value of the index components

The value of an index is calculated on the basis of the value of its components. Changes in the prices of index components, the composition of an index as well as factors that (may) influence the value of the index components also influence the value of the Notes that relate to the relevant index and can thus influence the yield from an investment in the relevant Notes. Fluctuations in the value of one index component may be compensated or aggravated by fluctuations in the value of other index components. The past performance of an index does not represent any guarantee of its future performance. Under certain circumstances, an index used as an Underlier may (i) not be available for the full term of the Notes, (ii) be substituted or (iii) continue to be calculated by the Issuer itself. In these or other cases mentioned in the Terms and Conditions, Notes may also be terminated by the Issuer.

An index may reflect the performance of assets of some countries or some industries only. In that case, investors are exposed to a concentration risk. In the event of an unfavourable economic development in a country or in relation to a particular industry, investors may be adversely affected. If several countries or industries are represented in an index, it is possible that the countries and/or the industries contained in the relevant index are weighted unevenly. This means that, in the event of an unfavourable development in one country or industry with a high index weighting, the value of the index may be affected disproportionately by this adverse development.

Investors should note that the selection of an index is not based on the expectations or estimates of the Issuer in respect of the future performance of the selected index. Investors should therefore make their

own estimates in respect of the future performance of an index on the basis of their own knowledge and sources of information.

Price index – dividends are not taken into account

The index referred to in the relevant Terms and Conditions may be a price index. Unlike in the case of performance indices, dividend distributions in relation to the shares contained in price indices will result in a reduction of the index level. This means that investors will not participate in dividends or other distributions in relation to shares contained in price indices.

No influence of the Issuer

As a general rule, the Issuer has no influence on the composition and performance of an index underlying a Note or the performance of the relevant index components, unless the Issuer and the index sponsor are identical.

No liability of the index sponsor

If the Notes relate to an index that is not calculated by the Issuer, the issue, marketing and distribution of the Notes will normally not be supported by the relevant index sponsor. In that regard, the relevant index is composed and calculated by the respective index sponsor without taking into account the interests of the Issuer or the holders of the Notes. In that case, the index sponsors do not assume any obligation or liability in respect of the issue, sale and/or trading of the Notes.

No recognised financial indices, no independent third party

The Notes may relate to one or more indices which are not recognised financial indexes but indices that have been specially created for the issuance of the relevant Note. The index sponsors of such indices might not be independent from the Issuer and may thus favour the interests of the Issuer over the interests of the holders of the Notes.

Currency risks

The prices of the index components may be expressed in a currency (e.g. USD) that is different from the currency in which the Notes were issued (e.g. EUR). In that case, the Redemption Amount of the Notes, during their term, may not only depend on the performance of the Underlier, but also on the development of the exchange rates of one or more foreign currencies against the currency of issue.

Index fees

Certain fees, costs, commissions or other composition and calculation charges may be deducted when calculating the value of an index. As a result, the performance of the individual index components is not acknowledged in full when calculating the performance of the respective index, but instead the performance is reduced by the amount of such fees, costs, commissions and other charges, which may to some extent erode any positive performance displayed by the individual components. It should also be noted that such costs may well also be incurred if the index returns negative performance, which will reinforce the negative performance even further.

Index composition publication

The composition of the indices may have to be published on a website or in other media mentioned in the terms and conditions of the relevant index. The publication of the updated composition of the respective index on the website of the relevant index sponsor might, however, be delayed considerably, sometimes even by several months. In those cases, the published composition may not always correspond to the actual composition of the relevant index.

§ 2 DEFINITIONS

For the purposes of these Terms and Conditions, the following definitions shall apply (subject to an adjustment in accordance with § 7):

"**Averaging Date**" means 7 June 2017, 7 July 2017, 7 August 2017, 7 September 2017, 9 October 2017, 7 November 2017, 7 December 2017, 8 January 2018, 7 February 2018, 7 March 2018, 9 April 2018, 7 May 2018 and 5 June 2018 (the "**Final Averaging Date**").

If, according to the before-mentioned, the Final Averaging Date is postponed to the seventh Payment Business Day prior to the Maturity Date, and if also on such day the Reference Price of the Index is not determined and published or a Market Disruption Event with respect to the Index occurs on such day, then this day shall be deemed to be the Final Averaging Date for the respective Underlier and the Issuer shall estimate the Reference Price of the Index in its reasonable discretion (*billiges Ermessen*) (§ 315 German Civil Code (*BGB*)), and in consideration of the prevailing market conditions on such day and make a notification thereof in accordance with § 13.

The occurrence of a Market Disruption Event on an Averaging Date and/or the Strike Date shall be published in accordance with § 13.

A limitation regarding the office hours or the number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the relevant exchange. A limitation on trading imposed during the course of a day by reason of movements in price exceeding permitted limits shall only be deemed to be a Market Disruption Event in the case that such limitation is still prevailing at the time of termination of the trading hours on such date.

$$P_{\text{CALL}} = \frac{\text{Index}_{\text{AVERAGE}}}{\text{Index}_{\text{INITIAL}}}$$

$\text{Index}_{\text{AVERAGE}}$ = Arithmetic mean of the Reference Prices of the Index with respect to all Averaging Dates

$\text{Index}_{\text{INITIAL}}$ = Initial Price of the Index

"**Performance PUT**" means a decimal number calculated by the Issuer as follows:

$$P_{\text{PUT}} = \frac{\text{Index}_{\text{FINAL}}}{\text{Index}_{\text{INITIAL}}}$$

The Notes shall not bear any interest.

§ 4 MATURITY

1. Subject to the provisions contained in § 5, each Note will be redeemed on the Maturity Date by the payment of an amount in the Issue Currency (the "**Redemption Amount**").
2. The Redemption Amount shall be determined by the Issuer in accordance with the following provisions:

- (a) If on the Final Averaging Date the Reference Price of the Index is equal to or above 100% of its Initial Price, then the Redemption Amount per Note shall be calculated as follows:

$$RA = D + D \times PF_{\text{CALL}} \times [\text{Max}(0; P_{\text{CALL}} - 1)]$$

or

- (b) If on the Final Averaging Date the Reference Price of the Index is below 100% of its Initial Price but equal to or above 70% of its Initial Price, then the Redemption Amount per Note shall be calculated as follows:

$$RA = D + D \times PF_{\text{PUT}} \times (1 - P_{\text{PUT}})$$

or

- (c) In all other cases, the Redemption Amount shall be calculated in accordance with the following formula:

$$RA = D \times P_{\text{PUT}}$$

where:

RA	=	Redemption Amount per Note (rounded, if necessary, to the next full SEK 0.01 (SEK 0.005 will be rounded up))
D	=	Denomination
PF _{CALL}	=	Participation Factor CALL
P _{CALL}	=	Performance CALL
PF _{PUT}	=	Participation Factor PUT
P _{PUT}	=	Performance PUT

§ 5 EARLY REDEMPTION; REPURCHASE

1. Except as provided in § 7, the Issuer shall not be entitled to redeem the Notes prior to the Maturity Date.
2. The Noteholders shall not be entitled to call for redemption of the Notes prior to the Maturity Date.
3. The Notes shall not be terminated automatically and redeemed prior to the Maturity Date.
4. The Issuer may at any time purchase Notes in the market or otherwise. Notes repurchased by or on behalf of the Issuer may be held by the Issuer, re-issued or resold.

§ 6 PAYMENTS

1. All amounts payable pursuant to these Terms and Conditions shall be made to the Paying Agent, subject to the provision that the Paying Agent transfers such amounts to the Clearing System on the dates stated in these Terms and Conditions so that they may be credited to the accounts of the relevant custodian banks and then forwarded on to the Noteholders.
2. If any payment with respect to a Note is to be effected on a day other than a Payment Business Day, payment shall be effected on the next following Payment Business Day. In this case, the relevant Noteholder shall neither be entitled to any payment claim nor to any interest claim or other compensation with respect to such delay.
3. All payments are subject in all cases to any applicable fiscal or other laws, regulations and directives.

§ 7 ADJUSTMENTS; TERMINATION RIGHT OF THE ISSUER

1. If the Index is no longer calculated and published by the Index Sponsor but by another person, company or institution acceptable to the Issuer in its reasonable discretion (*billiges Ermessen*) (§ 315 German Civil Code (*BGB*)) as the new Index Sponsor (the "**Successor Sponsor**"), the Redemption Amount will be determined on the basis of the Index being calculated and published by the Successor Sponsor and any reference made to the Index Sponsor in these Terms and Conditions shall, if the context so admits, then refer to the Successor Sponsor.
2. If the Index is cancelled or replaced or if the Index Sponsor is replaced by another person, company or institution not acceptable to the Issuer in its reasonable discretion (*billiges Ermessen*) § 315

German Civil Code (*BGB*)), the Issuer will determine in its reasonable discretion (*billiges Ermessen*) (§ 315 German Civil Code (*BGB*)) another index on the basis of which the Redemption Amount will be determined (the "**Successor Index**"). The respective Successor Index as well as the time of its first application will be notified pursuant to § 13. Any reference made to the Index in these Terms and Conditions shall, if the context so admits then refer to the Successor Index. All related definitions shall be deemed to be amended accordingly. Furthermore, the Issuer will make all necessary adjustments to the Terms and Conditions resulting from a substitution of the Index.

3. If the occurrence of an Adjustment Event with respect to a share contained in the Index (the "**Index Share**") has a material effect on the price of the Index, the Issuer will make adjustments to the Terms and Conditions taking into consideration the provisions set forth hereinafter. The Issuer shall act in its reasonable discretion (*billiges Ermessen*) (§ 315 German Civil Code (*BGB*)).

As a result of such adjustments especially the Initial Price may be amended.

Such adjustment shall become effective on the date on which the occurrence of the Adjustment Event with respect to the Index Share has its effect on the price of the Index.

Adjustments and determinations as well as the effective date shall be notified by the Issuer in accordance with § 13.

Any adjustment in accordance with this § 7 paragraph 3 does not exclude a later termination in accordance with this paragraph on the basis of the same event.

"**Adjustment Event**" means:

- (a) the substitution of the Index by a Successor Index pursuant to paragraph 2;
- (b) any of the following actions taken by the company issuing the Index Share (the "**Index Company**"): capital increases through issuance of new shares against capital contribution and issuance of subscription rights to the shareholders, capital increases out of the Index Company's reserves, issuance of securities with option or conversion rights related to the Index Share, distributions of ordinary Dividends, distributions of extraordinary dividends, stock splits or any other split, consolidation or alteration of category;
- (c) a spin-off of a part of the Index Company in such a way that a new independent entity is formed, or that the spun-off part of the Index Company is absorbed by another entity;
- (d) the adjustment of option or futures contracts relating to the Index Share on the Futures Exchange or the announcement of such adjustment;
- (e) a takeover-bid, i.e. an offer to take over or to swap or any other offer or any other act of an individual person or a legal entity that results in the individual person or legal entity buying, otherwise acquiring or obtaining a right to buy more than 10% of the outstanding shares of the Index Company as a consequence of a conversion or otherwise, as determined by the Issuer in its reasonable discretion (*billiges Ermessen*) (§ 315 German Civil Code (*BGB*)) based on notifications to the competent authorities or on other information determined as relevant by the Issuer;
- (f) the termination of trading in, or early settlement of, option or futures contracts relating to the Index Share on the Futures Exchange or relating to the Index itself or the announcement of such termination or early settlement;
- (g) the termination of the listing of the Index Share at the exchange on which the respective Index Share is traded (provided that the quotations of the prices of the Index Share on such exchange are taken for the calculation of the Index) (the "**Relevant Exchange**") to terminate the listing of the Index Share on the Relevant Exchange due to a merger by absorption or by creation or any other reason or the becoming known of the intention of the Index Company or the announcement of the Relevant Exchange that the listing of the Index Share at the Relevant Exchange will terminate immediately or at a later date and that the Index Share will not be admitted, traded or listed at any other exchange which is comparable to the Relevant

Exchange (including the exchange segment, if applicable) immediately following the termination of the listing;

- (h) the Issuer and/or its affiliates (in the meaning of § 1 paragraph 7 German Banking Act (*KWG*), § 290 paragraph 2 German Commercial Law (*HGB*)) are, even following economically reasonable efforts, not in the position (i) to enter, re-enter, replace, maintain, liquidate, acquire or dispose of any transactions or investments that the Issuer considers necessary to hedge its risks resulting from the assumption and performance of its obligations under the Notes or (ii) to realize, regain or transfer the proceeds resulting from such transactions or investments (in each case a "**Hedging Disruption**");
- (i) a procedure is introduced or ongoing pursuant to which all shares or the substantial assets of the Index Company are or are liable to be nationalized or expropriated or otherwise transferred to public agencies, authorities or organizations;
- (j) the application for insolvency proceedings or for comparable proceedings with regard to the assets of an Index Company according to the applicable law of such company; or
- (k) any other event being economically equivalent to the afore-mentioned events with regard to their effects.

"**Futures Exchange**" refers to the exchange with the largest trading volume in futures and options contracts in relation to an Index Share. If no futures or options contracts in relation to the Index Share are traded on any exchange, the Futures Exchange shall be the exchange with the largest trading volume in futures and options contracts in relation to shares of companies whose registered office is in the same country as the registered office of the Index Company. If there is no futures and options exchange in the country in which the Index Company has its registered office on which futures and options contracts in relation to the Index Share are traded, the Issuer shall determine the Futures Exchange in its reasonable discretion (*billiges Ermessen*) (§ 315 German Civil Code (*BGB*)) and shall announce its choice in accordance with § 13.

4. If (i) the determination of a Successor Index in accordance with paragraph 2 is not possible or is unreasonable (*unzumutbar*) or (ii) if the Index Sponsor materially modifies the calculation method of an Index with effect on or after 22 April 2013, or materially modifies the Index in any other way (except for modifications which are contemplated in the calculation method of the Index relating to a change with respect to Index Shares, the market capitalisation or with respect to any other routine measures), then the Issuer is entitled to (a) continue the calculation and publication of the Index on the basis of the former concept of the Index and its last determined level or (b) to terminate the Notes prematurely with respect to an Index Business Day (the "**Termination Date**") with a prior notice of seven Payment Business Days in accordance with § 13. Any termination in part shall be excluded.

The Issuer may also terminate the Notes in accordance with the above in the case of a Hedging Disruption.

5. In the case of a termination of the Notes pursuant to paragraph 4 the Notes shall be redeemed on the Termination Date at the termination amount (the "**Termination Amount**") which shall be calculated by the Issuer in its reasonable discretion (*billiges Ermessen*) (§ 315 German Civil Code (*BGB*)) by taking into account applicable market conditions and any proceeds realised by the Issuer in connection with transactions concluded by it in its reasonable discretion (*billiges Ermessen*) (§ 315 German Civil Code (*BGB*)) for hedging measures in relation to the assumption and fulfilment of its obligations under the Notes (the "**Hedging Transactions**"). Expenses for transactions that were required for winding up the Hedging Transactions will be taken into account as deductible items.

The Issuer shall pay the Termination Amount to the Noteholders not later than the tenth Payment Business Day following the Termination Date to the Clearing System for crediting the accounts of the depositors of the Notes with the Clearing System. The rights in connection with the Notes shall expire upon the payment of the Termination Amount to the Clearing System.

§ 8 TAXES

All present and future taxes, fees or other duties in connection with the Notes shall be borne and paid by the Noteholders. The Issuer is entitled to withhold from payments to be made under the Notes any taxes, fees and/or duties payable by the Noteholder in accordance with the previous sentence.

§ 9 STATUS

The obligations under the Notes constitute direct, unconditional and unsecured obligations of the Issuer and rank at least *pari passu* with all other unsecured and unsubordinated obligations of the Issuer (save for such exceptions as may exist from time to time under applicable law).

§ 10 PAYING AGENT

1. Skandinaviska Enskilda Banken AB (publ), a banking institution incorporated under the laws of Sweden, whose corporate seat and registered office is at Kungsträdgårdsgatan 8, SE-106 40 Stockholm, Sweden, acting through its division SEB Merchant Banking, Securities Services, shall be the paying agent (the "**Paying Agent**").
2. The Issuer shall be entitled at any time to appoint another bank of international standing as Paying Agent. Such appointment and the effective date shall be notified in accordance with § 13.
3. The Paying Agent is hereby granted exemption from the restrictions of § 181 of the German Civil Code (*BGB*) and any similar restrictions of the applicable laws of any other country.

§ 11 TERMINATION BY THE NOTEHOLDER

1. Each Noteholder is entitled to declare his Notes due and to require the redemption of his Notes pursuant to paragraph 2 below, if:
 - (a) the Issuer is in default for more than 30 days in the payment of any amount due under these Terms and Conditions, or
 - (b) the Issuer violates any other obligation under these Terms and Conditions, and such violation continues for 60 days after receipt of written notice thereof from the respective Noteholder, or
 - (c) the Issuer is wound up or dissolved whether by a resolution of the shareholders or otherwise (except in connection with a merger or reorganisation in such a way that all of the assets and liabilities of the Issuer pass to another legal person in universal succession by operation of law), or
 - (d) the Issuer ceases its payments and this continues for 60 days, or admits to be unable to pay its debts, or
 - (e) any insolvency proceedings are instituted against the Issuer which shall not have been dismissed or stayed within 60 days after their institution or the Issuer applies for the institution of such proceedings, or offers or makes an arrangement for the benefit of its creditors opens insolvency proceedings against the Issuer, or
 - (f) in the case of a substitution of the Issuer within the meaning of § 12 paragraph 2 any of the events set forth in sub-paragraphs (c)- (e) above occurs in respect of the Guarantor.

The right to declare Notes due shall terminate if the circumstances giving rise to it have been remedied before such right is exercised.

2. The right to declare Notes due pursuant to § 11 paragraph 1 shall be exercised by a Noteholder by delivering or sending by registered mail to the Paying Agent a written notice which shall state the principal amount of the Notes called for redemption and shall enclose evidence of ownership reasonably satisfactory to the Paying Agent. Following such declaration the Notes shall be redeemed at the early redemption amount (the "**Early Redemption Amount**") which shall be calculated by the Issuer in its reasonable discretion (*billiges Ermessen*) (§ 315 German Civil Code (*BGB*)) as the fair market value of the Notes at the date as determined by the Issuer. Such date and the Early Redemption Amount shall be notified to the relevant Noteholder directly. The rights arising from the Notes will terminate upon the payment of the Early Redemption Amount.

§ 12 SUBSTITUTION OF THE ISSUER

1. Any other company may assume at any time during the life of the Notes, subject to paragraph 2, without the Noteholders' consent all the obligations of the Issuer under these Terms and Conditions. Any such substitution and the effective date shall be notified by the Issuer in accordance with § 13.

Upon any such substitution, such substitute company (hereinafter called the "**New Issuer**") shall succeed to, and be substituted for, and may exercise every right and power of, the Issuer under these Terms and Conditions with the same effect as if the New Issuer had been named as the Issuer herein; the Issuer (and, in the case of a repeated application of this § 12, each previous New Issuer) shall be released from its obligations hereunder and from its liability as obligor under the Notes.

In the event of such substitution, any reference in these Terms and Conditions to the Issuer shall from then on be deemed to refer to the New Issuer.

2. No such assumption shall be permitted unless
 - (a) the New Issuer has agreed to assume all obligations of the Issuer under the Notes pursuant to these Terms and Conditions;
 - (b) the New Issuer has agreed to indemnify and hold harmless each Noteholder against any tax, duty, assessment or governmental charge imposed on such Noteholder in respect of such substitution;
 - (c) the Issuer (in this capacity referred to as the "**Guarantor**") has unconditionally and irrevocably guaranteed to the Noteholders compliance by the New Issuer with all obligations under the Notes pursuant to these Terms and Conditions;
 - (d) the New Issuer and the Guarantor have obtained all governmental authorisations, approvals, consents and permissions necessary in the jurisdictions in which the Guarantor and/or the New Issuer are domiciled or the country under the laws of which they are organised;
 - (e) Euroclear Sweden has given its consent to the substitution (which consent shall not be unreasonably withheld or delayed).
3. Upon any substitution of the Issuer for a New Issuer, this § 12 shall apply again.

§ 13 NOTICES

Notices relating to the Notes shall be published in the Federal Gazette (*Bundesanzeiger*) and shall be deemed to be effective upon such publication unless such publication gives another effective date.

Notices relating to the Notes shall in addition be published on the internet page <http://fim.commerzbank.com> (or on another internet page notified at least six weeks in advance by the Issuer in accordance with this § 13). If applicable law or regulations of the stock exchange on which the

Notes are listed require a notification in another manner, notices shall also be given in the manner so required.

§ 14 LIMITATION OF LIABILITY

The Issuer shall be held responsible for acting or failing to act in connection with the Notes only if, and insofar as, it either breaches material obligations under or in connection with the Terms and Conditions negligently or wilfully or breaches other obligations with gross negligence or wilfully. The same applies to the Paying Agent.

§ 15 FINAL CLAUSES

1. The Notes and the rights and duties of the Noteholders, the Issuer, the Paying Agent and the Guarantor (if any) shall in all respects be governed by the laws of the Federal Republic of Germany except for § 1 paragraph 1 to 3 of the Terms and Conditions which shall be governed by the laws of the Kingdom of Sweden.
2. In the event of manifest typing or calculation errors or similar manifest errors in the Terms and Conditions, the Issuer shall be entitled to declare rescission (*Anfechtung*) to the Noteholders. The declaration of rescission shall be made without undue delay upon becoming aware of any such ground for rescission (*Anfechtungsgrund*) and in accordance with § 13. Following such rescission by the Issuer, the Noteholders may instruct the account holding bank to submit a duly completed redemption notice to the Paying Agent, either by filling in the relevant form available from the Paying Agent or by otherwise stating all information and declarations required on the form (the "**Rescission Redemption Notice**"), and to request repayment of the Issue Price against transfer of the Notes to the account of the Paying Agent with the Clearing System. The Issuer shall make available the Issue Price to the Paying Agent within five calendar days following receipt of the Rescission Redemption Notice and of the Notes by the Paying Agent, whichever receipt is later, whereupon the Paying Agent shall transfer the Issue Price to the account specified in the Rescission Redemption Notice. Upon payment of the Issue Price all rights under the Notes delivered shall expire.
3. The Issuer may combine the declaration of rescission pursuant to paragraph 2 with an offer to continue the Notes on the basis of corrected Terms and Conditions. Such an offer and the corrected provisions shall be notified to the Noteholders together with the declaration of rescission in accordance with § 13. Any such offer shall be deemed to be accepted by a Noteholder (and the rescission shall not take effect), unless the Noteholder requests repayment of the Issue Price within four weeks following the date on which the offer has become effective in accordance with § 13 by delivery of a duly completed Rescission Redemption Notice via the account holding bank to the Paying Agent and by transfer of the Notes to the account of the Paying Agent with the Clearing System pursuant to paragraph 2. The Issuer shall refer to this effect in the notification.
4. "**Issue Price**" within the meaning of paragraph 2 and 3 shall be deemed to be the higher of (i) the purchase price that was actually paid by the relevant Noteholder (as declared and proved by evidence in the request of repayment) and (ii) the weighted arithmetic average (as determined by the Issuer in its reasonable discretion (*billiges Ermessen*) (§ 315 German Civil Code (*BGB*)) of the traded prices of the Notes on the Index Business Day preceding the declaration of rescission pursuant to paragraph 2. If a Market Disruption Event exists on the Index Business Day preceding the declaration of rescission pursuant to paragraph 2, the last Index Business Day preceding the declaration of rescission pursuant to paragraph 2 on which no Market Disruption Event existed shall be decisive for the ascertainment of price pursuant to the preceding sentence.
5. Contradictory or incomplete provisions in the Terms and Conditions may be corrected or amended, as the case may be, by the Issuer in its reasonable discretion (*billiges Ermessen*) (§ 315 German Civil Code (*BGB*)). The Issuer, however, shall only be entitled to make such corrections or amendments which are reasonably acceptable to the Noteholders having regard to the interests of the Issuer and in particular which do not materially adversely affect the legal or financial situation of

the Noteholders. Notice of any such correction or amendment shall be given to the Noteholders in accordance with § 13.

6. If the Noteholder was aware of typing or calculation errors or similar errors at the time of the acquisition of the Notes, then, notwithstanding paragraphs 2 - 5, the Noteholders can be bound by the Issuer to the corrected Terms and Conditions.
7. Should any provision of these Terms and Conditions be or become void in whole or in part, the other provisions shall remain in force. The void provision shall be replaced by a valid provision that reflects the economic intent of the void provision as closely as possible in legal terms. In those cases, however, the Issuer may also take the steps described in paragraphs 2 - 5 above.
8. Place of performance is Frankfurt am Main.
9. Place of jurisdiction for all disputes and other proceedings in connection with the Notes for merchants, entities of public law, special funds under public law and entities without a place of general jurisdiction in the Federal Republic of Germany is Frankfurt am Main. In such a case, the place of jurisdiction in Frankfurt am Main shall be an exclusive place of jurisdiction.
10. The English version of these Terms and Conditions shall be binding. Any translation is for convenience only.
